Engine Size: **650cc**

£TBA

1968 Norton 650SS. This lovely example in red and chrome looks lovely with its red tank and full width original chrome guards. Previous keeper owned since July 1977 (believe only one previous owner). Comes with matching numbers and rev counter Speedo and twin carbs. Boyer Bransdon electronic ignition and regulated rectifier replaced points and coil and selenium rectifier in early 1980s; otherwise unmodified. It starts easily with a very strong and Mechanically Quiet Engine Rides Lovely Too. It would be difficult to find a better looking example.
