Ariel Square 4 (600cc) 1939 – Rare Girder Link model

Restored some years ago by my late father it had a full nut and bolt restoration and is in beautiful condition. As part of the restoration it had a full engine rebuild and has done very little miles since. This is a very rare girder link fork 600cc machine and very hard to find any for sale. My dad owned it from about 1960 so there will have been a previous keeper or two but there are no former keepers of this bike on the logbook.
