Harley Davidson XL1200R Sportster Twin front discs 1200cc 2006 . This orange and black belt drive example is in superb stock condition and the colour scheme really stands out and looks great .. see the photos and video. Has been really well looked after with only 18000 miles from new Starts on the button ticks over straight away and runs very sweetly without the weight of the bigger models so easy to handle and manoeuvre. All in all a great looking and riding machine.
