**1968 BSA Firebird A65
NOW SOLD**

Engine Size: **650cc**

£TBA

BSA Firebird 1968 650cc This beautiful example with matching numbers has come from an elderly lifetime bike enthusiast who's thinning down his large collection. He's enjoyed riding this one which he's said is totally reliable after an Engine Rebuild 100 or so Miles Ago. He said it's quick and rides and stops really well and is sad to see it go! We've found it to be just as he's said and starting first kick with a lovely engine clutch and Gearbox and looking lovely too although if you are picky the front mudguard would benefit from rechroming cost £100, which we can do , if required. It would be very difficult to find a prettier and more reliable one that would give more fun than this one. Good investment.
