**1966 Velocette Thruxton
NOW SOLD**

Engine Size: **500cc**

£TBA

Velocette Thruxton 1966 500cc. Looking Beautiful having been fully restored to a very high standard with only 7 miles on the clock. In rare silver and dark blue colour scheme. The frame, engine and gearbox are all correct and original as they left the factory confirmed by the factory records which state the bike was dispatched from the factory on the 19 of August 1966 invoice number 75945.

With many other original parts such as the rare GP carb, Thruxton tank, vented front brake, Borrani Rims front and back, clip ons etc... This has to be one of the best examples on the market and in our opinion one of the best looking British bikes ever made! A Great Investment Opportunity!
