**1972 Honda CL175 Scrambler
NOW SOLD**

Engine Size: **175cc**

£3,750

1972 Honda CL175 Scrambler. In very good usable condition having had lots of money spent on it over the last 3 years by the previous owner. Comes with lots of receipts confirming parts bought and work carried out. Some of the bits include new carbs and silencers. First registered in the UK in 2016 Showing just over 4000 miles on the clock. Tax and MOT exempt, Ready to ride!

The CL175 introduced to replace the CL160 in 1968, and ran through to 1969. The CB175 twin engine used from the exceedingly rare CB175KO was considerably more powerful than the outgoing CB160, in it's K4 form put out a full 20bhp @ 10000rpm. But the main improvement was the inclusion of a much need fifth cog.

This was the only "sloper" CL175 to be made, all subsequent CL175's used the later upright engine with a full cradle frame. The first of these being the K3 in 1969/70. At this point the electric starters were still being deleted from the CL range, but the K4,K5,K6 and the final K7 model had the self starter fitted for most markets, and had the full power 20bhp engine, all the CL175's retained the twin leading shoe front brake from their road equivalents. The K4 model onwards all carried rev-counters, due to the high
