**1965 Triumph T120R Bonneville
NOW SOLD**

Engine Size: **650cc**

£TBA

1965 Triumph T120R Bonneville 650cc. In very good original condition with original matching numbers and Dunlop rims. The engine was fully rebuilt 200 miles ago with Thunder racing con-rods, new big ends and main bearings, sludge trap cleaned, Nural pistons, Norman Hyde valves and guides, new camshaft, SRM OPRV and Morgo rotary pump.

Other work includes gearbox overhauled, new chain, new battery, new handlebars, new halogen H4 headlight reflector, podtronics regulator/rectifier, Boyer electronic ignition, new seat and new front tyre. A great example that's had lots of money spent to get it mechanically perfect. It will need to be run in, a great bit of fun and also a safe investment!
