**1990 BMW GS1000
NOW SOLD**

Engine Size: **1000cc**

£TBA

1990 BMW GS1000. In excellent unrestored condition. Has had fitted every extra available at the time. It has twin plug heads, special Brembo front brake, Oihlins adjustable rear suspension ,Rev counter and clock pods (apparently very rare and sought after) Oxford heated grips, matching Krauser lockable panniers, a new seat cover in black, a new not fitted left hand ,hand guard. Battery is almost new, bike has recent MOT And full service by Steve Dale of Silsden. All the manuals, service books, and history file come with the bike. The mileage shows 13,400 but I was told this is not correct as at about 18,000 miles the speedometer was replaced. A rare bike and a great investment.
