**1953 Velocette High Spec Special
NOW SOLD**

Engine Size: **500cc**

£TBA

1953 Velocette 500cc High Spec Special. In excellent condition having just been fully rebuilt from the ground up, to make it 100%. This is a special with Velocette MAC frame and Viper Engine that's been converted to 500cc with sports cams. The last owner who built the bike said it's quicker than a standard Venom due to high comp piston. It's the same weight as a MAC and a bit more powerful than a Venom so a quick bike! Starts easily and runs and rides very well, comes with current log book and is Ready to ride, just needs a new seat cover.
