**1954 Triton Manx T140V Supercharged  
NOW SOLD**

Engine Size: **750cc**

**£TBA**

1954 Manx Triton T140V 750cc Supercharged Special. Built with a 1954 Bolt Manx style featherbed frame and Supercharged T140V Engine. This is a very special one off machine. The real classic magazine followed the build and I have included copies of the articles in the photos. Too much to list but the article photos do a good job of listing what was done to the bike. It is road registered, requires recommissioning as hasn't been run up for many years. An awesome special !
