**1939 Velocette MAC
NOW SOLD**

Engine Size: **350cc**

£TBA

1939 Velocette MAC Pre War 350cc Girder Rigid. In lovely original looking condition having been looked after very well by its previous owners and looks to have been restored not too long ago . The engine sounds and feels strong with good oil pressure with everything else working well . These pre war girder Macs are very easy to live with due to their low weight and seat height and are highly sought after, with very few coming onto the market this is a rare model and a great investment !
