1958 AJS Model 30 600cc. In excellent condition having been restored a few years ago. When it was restored it was done so to replicate a CS variant, siamese pipes and alloy mudguards. The engine sounds fantastic and the bike starts easily. Has been upgraded to V12. Comes with its original transferable registration number and original Green card log book. Also comes with a big file of history which includes old log books, Dating certificate, receipts and Mot's. A great example of the model thats ready to ride!
