1958 BSA A10 650cc. In very nice condition looking to be an older restoration. Comes with its original reg number ( 754 DUR ) and original engine and frame numbers as confirmed by the old buff log book.

Starts easily with a sweet sounding motor as can be heard in the video. Has been upgraded with a twin leading vented front brake for better stopping power. The previous owner has carried out lots of work to the bike over the past 5 years to keep it in top mechanical condition, with receipts of the work done included in the history which includes : MOT's and manuals. A fantastic example and a great investment!
