1938 Triumph Pre-War 5T Speed Twin 500cc. Looks to be in very rare all original condition from new. Starts easily and also runs and rides as can be seen in the video. Fitted with a pressure relief valve on the timing cover. The bike has been in a collection in Germany over the past 10 years where it was used and maintained regularly. Comes with a good file of history. A rare opportunity to own a working/unrestored Pre-War speed twin!
