1969 Triumph Trophy Competition TR6C 650cc. Looks to be in fantastic all original condition with matching engine and frame numbers. Bought the last owner in the late 1980s it was then given a partial restoration, a lot of the work being carried out by Hughie Hancox with many handwritten letters between him and the vendor explaining the various jobs being undertaken. It appears to have had a good engine overhaul by Hughie including new big end shells and a crank balance with a new upswept exhaust being fitted.

It comes supplied with a large paperwork file including the original USA title document, some receipts, a few old MOTs, a current V5C, a Triumph Owners Club dating letter and lots of fascinating handwritten correspondence between the vendor and Hughie Hancox documenting the restoration process. Also included is a genuine Triumph workshop manual and a genuine parts book.
